### DR. BARROWS' FINE LECTURE

A Most Entertaining Description of Life and Scenes in Foreign Parts.

The lecture given at the Congregational church in the People's course last evening by Rev. Dr. John Henry Barrows, of Chicago, was well attended and an entertainment well worthy of the course. The theme of the lecturer was of wide interest—an account of the travels of the lecturer through the old world and the sights he saw while there. If the lecture had a fault it was in the attempt to tell too much—to cover too wide a territory. The speaker is a man of observation, and there was little that passed him unnoticed in his travels abroad. He gave many interesting descriptions of life in eastern countries, which were interspersed with incidents of travel among peoples once famous in the world's history. There was a great amount of information in the lecture—a wealth of poetry in his description of scenes made famous in romance and story. The audience was greatly interested, and testified its appreciation of the lecture by frequent laughter and applause.

### JACKSONVILLE IS DESERTED

Messrs. Wray and Atkinson Say That All Is Lonesome There.

William Wray and John Atkinson, of this city, who have just returned from Jacksonville, Florida, where they were members of the Seventh Army hospital corps, describe military life at Camp Cuba Libre as being very tame. They say that not a soldier remains there, and that the town has once more put on a quiet air. The remaining soldiers have all been transferred to Savannah, to await further orders, which are likely to take them to Cuba. Messrs. Wray and Atkinson say they have had all the military life they care for.

### DON'T GET THE PICTURES

#### A Newspaper Man Was Disappointed in a Bridal Couple.

Rowland, a representative of the Milwaukee Journal, arrived in the city this morning for the purpose of securing photographs of William Tucker and Miss Lulu Merrill, who were recently married here. Mr. Rowland called on the interested parties and received an icy reception. He says that he succeeded in getting all the information that he was looking for, but that he was obliged to take his departure without the necessary photographs.

Mr. and Mrs. Tucker say that they have received all the notoriety that is due them and more too. An account of their tender years and circumstances surrounding their marriage has led the Milwaukee Journal to investigate the case.

### BRIEFS FROM BELOIT

Recent Deaths—Temperance Campaign by Apostle Francis Murphy.

Beloit, Wis., Nov. 29.—[Special]—A. A. Perkins, aged 72 years, died at Perkins, S. D., Nov. 28. He was the father of Mrs. J. A. Farrelly and Frank Perkins, of this city. Mr. Perkins resided in this city twenty-four years ago.

The funeral of Harry G. Smith, Co. I, Second Illinois infantry, formerly of this city, who died Nov. 23 at Jacksonville, will be held this afternoon at the Second Congregational church. Co. B. will attend the funeral.

Francis Murphy, the greatest temperance reformer of the age, is having great success in this city. He gives lectures every evening and afternoon too. Sunday afternoon he spoke to men only, and gave a fine talk to a large audience of men. He told a pathetic story of his own suffering, telling how through drink he was reduced to poverty, and that the officers of the law took his children from him. The meeting in the opera house was a mighty gathering. There wasn't standing room. His subject was "God's Love to Sinful Men." Mr. Murphy spoke to the workmen of John Thompson & Sons' yesterday noon. Last night he spoke to a great crowd at the Baptist church. This noon he will speak at the engine shop at Fairbanks, Morse & Co's. Tonight the meeting will be held in the Presbyterian church. Hundreds in this city have signed the pledge, and Mr. Murphy has had crowds to listen to his excellent lectures.

### FARMER BOYS ARE SEEKING EDUCATION

#### AGRICULTURAL DEPARTMENT OF UNIVERSITY IS FULL

Farmers Are Beginning to Appreciate the Advantages of Education in Technical Husbandry—Dairy and Creamery Sections Are More Than Full This Term.

Madison, Wis., Nov. 29.—[Special]—It has taken years to bring the farmers of the state to realize the advantages to be obtained from an education such as is afforded by the agricultural department of the state university, but they are now keenly alive to its benefits. Now the farmers' classes are among the largest in the university. At the present term both short-course agricultural and dairy courses are filled to their limit, and many applicants have been turned down for lack of accommodations.

Out of the daily applications for admittance to the dairy courses 123 were successful in gaining admission and 175 were in luck the agricultural courses.

In talking of the work in the creamery department, Prof. Decker said: "We are now crowded to our full capacity. Before a candidate can gain admittance to the Wisconsin dairy courses they must previously have a year's experience in a creamery or cheese factory. Before they are given a certificate as a graduate dairyman they must operate a creamery or factory after they complete the course here. All this summer I have been inspecting the creameries successfully operated by graduates from our course last year."

In speaking of the new features of the work in the agricultural course Prof. Moore said: "We expect to give the boys a special course in farm carpentry. They will be given experimental work in erecting barns, silos and other farm buildings according to the latest approved ideas."

### PEACE TREATY IS NOW BEING DRAWN

#### IT WILL BE SIGNED BEFORE WEEK CLOSES.

All the Philippines Have Been Conceded, and Nothing Now Remains But the Formal Signing of the Treaty and Its Ratification By the Two Nations.

Washington, Nov. 29.—[Special]—She signing of the treaty of peace by the Spanish commissioners removes all chance that there might be a renewal of hostilities between the two nations, although that chance was never very imminent. Spain was completely whipped during the brief war and no one knows it better than did her statesmen. From the first they knew they would have to accept whatever terms were dictated from Washington, and although at times they blustered and threatened, it has only been for effect—in the hope that the United States might mitigate in a measure the severity of its demands. But there was no weakening on the part of the American commissioners. From the first they set their foot down. They wanted not only to relieve Cuba of the Spanish yoke, but also to give other peoples the benefit of free government, and with that purpose in view insisted that Spain should surrender sovereignty over the Philippines. They have wrought out their purposes to the full satisfaction of the administration and the American people generally. Their work is virtually completed and they will shortly return home to resume work in other spheres than those of diplomacy.

### WILLIAM'S CHANGE OF HEART.

German Emperor's New-Found Affection For the United States.

Washington, Nov. 29.—[Special]—There is a quiet ripple of amusement in official circles here over the assurances just received from Berlin that the German government has a deep-seated and long standing affection for the United States, and always sympathized with it in the struggle with Spain. This, in view of the unfriendly attitude of the emperor and his ministers in the early stages of the war, produces much amusement. The newly developed friendship for America is looked upon simply as another evidence that Wilhelm knows upon which side his bread is buttered. It is now freely acknowledged here, although the fact was kept from the public at the time, that there was great anxiety at one time as to the course of Germany. The emperor was known to be friendly towards Spain, and nothing but the outspoken partisanship of Great Britain for the United States prevented him from rendering material aid to the Don's. His change of heart is due to the success of our arms and to nothing else.

TRIUMPHAL PARADE OF INSURGENTS IN MANILA. FROM HARPER'S WEEKLY

AFTER A DRAWING BY T. DE THULSTRA. Reproduced from Harper's Weekly. By Permission

Copyright, 1898, by Harper & Brothers

Aguinaldo and his insurgent followers have presented fully as picturesque a figure in our difficulties with Spain as Gomez and his Cuban army of ragged, half-starved natives.

It is at the present time practically impossible to estimate how many thousands and insurgents there are in the Philippines, and especially those under arms around Manila. This unknown insurgent army is a very much mixed up affair. It is officered, that is true enough, but the discipline is something of a very laughable nature. For instance, a captain may have a hundred men in his company one day and the next day find himself commanding but fifty men, the rest having gone over to another captain, presumably one more to their liking.

A characteristic of these islanders is their peculiar freedom of spirit. An apparently peaceful native may be tilling his fields one day, surrounded with the implements of domesticity, and the next finds him shouldering a musket, which, by the way, he doubtless obtained from the Spanish soldiers, and elbowing his way through a crowd of similar chattering natives possessed of a momentary warlike spirit. If the United States acquires the Philippines, it will probably find another problem to solve that of establishing peace and industrial habits among these insurgents. Perhaps, however, the good example set by many of the insurgents who have retired to their farms and rice planting to await another period of war, will inspire the majority to go and do likewise.

Our picture, which we publish today, is reproduced from Harper's Weekly, and shows a triumphal procession of insurgents in Manila. An arch of triumph, characteristically decorated, looms up prominently in the background. The genius of liberty, represented by a native woman, stands on a float filled with flowers, holding an insurgent flag, and is drawn along by natives.

These processions show that the insurgents are beginning to realize what the downfall of Spanish power means to them, and in the first flush of victory probably wish to assert their independence; but doubtless this feeling which even now is rapidly dying away, will be dissolved entirely when they begin to appreciate the good offices of the United States government.

Afton.

Afton, Nov. 29.—At a meeting held last Sunday evening, the First Baptist church of this place, extended a call to Rev. William Dodd, of Rio, Ill., to become pastor for one year, and it is expected that he will occupy the pulpit next Sunday. Remember the chicken-pie supper to be held at the Baptist church next Friday evening. Don't bother to get a supper at home but come to the church at any time between the hours of 6 and 7 p. m., and you will find a good supper all ready. Supper tickets 15 and 25 cents. A good after-supper program is being prepared and a good time is assured all who attend. County Clerk-elect Frank P. Starr and daughter, May, moved to Janesville on Monday of this week, and will reside at 353 Court street. Afton people are sorry to lose this family from their midst for Mr. Starr has been one of the wideawake men of the town and always interested in matters of local importance. The town board of supervisors have named Arthur S. Waite as town clerk to fill out the unexpired term of Frank P. Starr, resigned. Mr. Waite is no stranger to the duties having held the position before. Officers for the ensuing year will be elected at the next regular meeting of Afton Camp No. 2192, M. W. A., to be held Saturday evening, December 10. In the Baptist Y. P. S. C. E. officers for the ensuing six months, will be elected next Sunday evening. Wednesday of last week was observed as La Fayette day in the public school here, the pupils rendering a varied and interesting program, the arrangement and presentation of which was a credit to the efforts of the teachers, Misses Wood and Bennett. Miss Mary E. Scott came up from Cherry Valley, Ill., to spend Thanksgiving with Afton relatives and friends. She returned Monday morning.

North Johnstown.

North Johnstown, Nov. 29.—Rev. J. C. Steele attended quarterly meeting at Sumner, Sunday, and went from there to Janesville to assist in the ordination of Miss Mary Kimball, Monday evening. Frank Barfoot and wife, who formerly resided here, but for some years have lived in Janesville, but are now on their way to London, Canada, were guests at Watson Aldrich's from Thursday until Monday. Remember the W. C. T. U.

County Line

County Line, Between Rock and Dane, Nov. 29.—In our items of last week there was a slight mistake. Instead of Rev. Mr. Spike, it should have read Mr. Ren Spike. John Joyce returned from his hunting trip in northern Wisconsin last week. He managed to shoot two deer and reports a good time and a visit with his brother Richard, who has a home up in the woods. Charley Hartzell has returned home after two weeks spent in northern Wisconsin. He also had two deer shipped home. Fred Hartzell came home with the same number and reports a good visit with friends and any amount of sport. An entertainment was given in the Stebbinsville church, Saturday evening, consisting of music and recitations. Miss Horcoid has returned from a week's visit in Chicago. William Attlesley had the misfortune to lose the end of one of his fingers by catching it between two logs. The best way to make J. S. mad just now is to ask him how he likes to trade horses with a Dutchman. Mr. Horcoid has returned from McFarland, where he spent the last week. Shooting rabbits by moonlight is the order of the evening now. T. A. Lane shot nine Saturday night. Charles Garcey has several acres of his new crop of tobacco stripped. Nearly all of us are waiting for moist weather so we can get the to-

bacco down. The hog cholera scare has left us at last. Guess it got froze out. We neglected to mention an item last week that is of considerable importance, to Mr. and Mrs. Alfred Cough at least, and that is a nice big boy. E. Wixom of Janesville, was a caller here on Friday. George Munn and family visited friends in Stoughton last week. William Hartzell is driving a new team that is the finest along the line. O. R. Pomeroy, our hustling tobacco buyer is riding around looking at the new crop. We have not heard of any sales this week but when the right time comes he will have his share of the leaf. The Emerald creamery is still running and getting a large amount of milk although some of the patrons have to draw it from five to six miles these cold winter mornings.

Johnstown Center.

Johnstown, Center, Nov. 30.—The snow on the ground and the frosty air make us remember that winter is very close at hand. D. M. Cullocks and family of Milton, spent Thanksgiving at Mr. and Mrs. F. D. Hall's. Friendship Camp of Royal Neighbors met last Tuesday evening, Nov. 22 and took four (4) candidates into their camp. Crystal Camp, of Janesville, intended to be present, but was prevented on account of the cold and stormy weather. Mrs. M. H. Morse of Janesville, is visiting her daughter, Mrs. Walter Pember of this place. Corn husking is nearly completed in this section. Mr. Scofield moved back to Janesville this week.

How a Woman Suffers.

HOWELL, IND., Nov. 26.  
I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.  
Mrs. MINNIE STODGHILL.

McNEEL'S  
Wine of Cardui

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhoea. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would.

To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

## Style In Jackets

is one of their most important features. No matter how fine the material, how perfect the fit, how excellent the tailoring, if the garment lacks style—lacking this it lacks everything. Our garments have all the good points mentioned above and plenty of style. They come from a maker who is noted for sending out the most fetching creations, and his line for this season is par excellence.

Six sample lines of Coats and Capes have lately been added to the already excellent showing, and on anything in the garment line we know that we stand alone. Controlling so many sample lines enables us to save you one-third—worth looking after I guess.

## Millinery

is cheaper here now than earlier in the season. and it was cheaper here then than in other stores. Consequently we are offering millinery values which should challenge the attention of all late buyers. ## BOTH POLITICS AND FUN IN IT

Tim Murphy Gives a Splendid Entertainment in "The Carpetbagger"

The offering for amusement lovers at the Myers Grand, Saturday, Dec. 3, is Tim Murphy, who will be seen in his new political romantic comedy, "The Carpetbagger." The comedy is the product of two such brilliant minds as Opie Read, the novelist, and Frank S. Pixley, who occupies a prominent position in Chicago newspaper circles. Mr. Murphy has not been seen to advantage since the days of "A Texas Steer," when his character work in the leading role, that of Maverick Brander, the congressman from the Lone Star state, made such a success. He is said to have scored with "The Carpetbagger" even a greater success than "A Texas Steer" brought to him.

Mr. Murphy personates a Chicago auctioneer who is sent south to govern the state of Mississippi during the reconstruction period, and who finds himself in a hotbed of unconquered secession. The simplicity and naturalism of Mr. Murphy's acting are its chief charm. In the selection of his company Mr. Murphy has shown great care, with the result that he is supported by an organization much above the average. Prominent among the members of the company is Miss Dorothy Sherrod, a charming young actress, who is seen in the role of a miss from Chicago, and visiting her father, the carpet bagging governor, during her school vacation. She wears some dresses that will have much interest for the young ladies of the present day, inasmuch as they are exact counterparts of the gowns that were worn by the young ladies of that period just after the close of the civil war.

The sale of seats and boxes opens at box office Friday, Dec. 2, at 9 o'clock.

Criticism America's Action.

Paris, Nov. 29.—The leading article in the Temps is devoted to a severe arraignment of the American attitude toward Spain, in which America is made to appear as a merciless conqueror imposing Draconian conditions on a helpless foe and "extracting the signature of a treaty at the point of the bayonet." The Temps adds: "The Spanish commissioners should, in submitting, protest to the civilized world against the spoliation of the weak by the strong."

Germany to Get Carolines.

New York, Nov. 29.—The Journal's Paris correspondent quotes Senator Frye, one of the American commissioners, as follows: "Though our treaty with Spain will meet with strong opposition in the United States senate, nevertheless it will be ratified. Germany will probably get the Carolines. She wants them and is willing to give the most money for them. The peace commissioners are not authorized to buy them."

Says Germany Will Approve.

Paris, Nov. 29.—Count von Munster, the German ambassador to France, was the first diplomat to call at the American headquarters and to congratulate Mr. Reid on the commission's successful work. He said the settlement would meet with the approval of Germany.

## LOSS IS \$2,500,000.

Disasters on the Great Lakes in 1898 Break All Records.

Chicago, Nov. 29.—A careful estimate of losses to shipping and vessel owners for the record-breaking year of 1898 places the probable figures at \$2,500,000.

This may be increased before the close of navigation, but even without more storms or foundered vessels it will hold first place for losses in the history of lake navigation. The year 1898 has hitherto held the record with a total loss of \$2,096,897. It still stands as the closest rival with the memorable season just concluded.

## Will Probe Public Offices.

Bedford, Ind., Nov. 29.—Judge W. H. He also appointed S. B. Lowe special prosecutor to assist the grand jury.

## Bitter Feeling Against Americans.

Paris, Nov. 29.—There is no denying that the whole European continent will bitterly resent American acquisition of the Philippines. This sentiment is not confined to diplomats; but, especially here in Paris, it is the opinion constantly heard in the highest French society. It is known that a high official of the French foreign office said: "The appearance of the Americans in eastern waters is a disturbing factor to the whole of Europe. Americans, as is well known, lack diplomatic manners, and will surely bring constant trouble to all of us."

STEEL RAILS FOR  
WISCONSIN ROADSHEAVY PURCHASES BY TWO  
GIANT ORGANIZATIONS.

One Hundred and Thirty Thousand Tons Will Be Laid the Coming Year—Decrease in the Price Has Enabled the Companies to Make the Investment at This Time.

The Chicago & Northwestern road has just contracted to purchase 75,000 tons of steel rails this season, and the Chicago, Milwaukee & St. Paul has engaged 55,000 tons for use during the year. The prices paid ranged from \$19 to \$20 a ton, a much less price than that prevailing during the past few years.

It is the intention of these companies to lay all these rails during the coming season. The necessities of traffic demand it, and the exceptionally low price of rails has placed it in their power to carry out the plans long cherished. In a recent interview E. H. Gary, president of the Federal Steel company, said:

"Within the last three days the steel plants of this country have booked orders for more than 500,000 tons of steel rails for American railways alone, with many orders still pending." Of this amount the Federal Steel company, through its subsidiary concern, the Illinois Steel company, accepted orders for 225,000 tons. The Carnegie company has accepted orders for the same amount. The Federal Steel company's order include 75,000 tons for the Chicago and Northwestern, 50,000 for the Illinois Central, and 55,000 tons for the Chicago, Milwaukee and St. Paul.

"The export demand for American steel grows larger almost daily. It seems strange that American steel should be shipped to England in competition with the English product, but such is actually the case. The German steel men are apparently greatly perturbed over the competition they are meeting from America."

The purchases noted above indicate the intention of the companies named to greatly improve their roadbeds. The work will be prosecuted with vigor throughout the coming season, and employment will be furnished to thousands of men in the state of Wisconsin alone.

MAYER THE FORGER  
TRIED DECEMBER 5EXAMINATION RESULTED IN  
HIS BEING HELD.

Now Behind the Bars in Default of \$800 Bail—But Two Witnesses Were Examined This Morning, and Short Work Was Made on the Case—Prisoner is Handsome.

Edgar N. Mayer, the alleged forger, was held for trial this morning in bonds of \$800, the time of trial being set for Monday, December 5.

In charge of Turnkey Brown the prisoner was brought into the municipal court this morning at 10 o'clock. He was neatly attired in a tailor made suit and looked the picture of good health, and is what the average person would call a handsome fellow. The examination commenced with the examination of H. D. Murdock, assistant cashier of the Bower City bank, at which institution it is claimed that Mayer cashed a forged note on the afternoon of October 24, 1898, for \$220.

Mr. Murdock identified Mayer as the man who cashed the check, and said that he was positive that he was not mistaken in the identification. He stated that Mayer came into the bank between two and three o'clock in the afternoon, and at that time there were four or five other people there on business. When Mayer first came into the bank and presented the check he hesitated about cashing it, but after thinking the matter over and seeing the paper indorsed by James Shearer he thought all was well, and handed over \$220 in cash.

Mr. Murdock then said that he stated to the alleged forger that his note had a good indorser, whereupon Mayer said Mr. Shearer was a relative of his.

The second and last witness was James Shearer, who was sworn mainly to show that he did not indorse the check, and that the same was a plain case of forgery.

The court then held Mayer for trial at 10 o'clock on the morning of Dec. 5.

The prisoner was then remanded to jail in default of bail.

District Attorney Jackson carried on the prosecution, the prisoner being represented by Winans & Russell.

## THE GROCERY CLERKS' BALL

Last Night's Masquerade Was a Mirth Provoking Affair.

The masquerade ball given at the Armory last evening by the grocery clerks attracted a goodly crowd, and proved a success both socially and financially. Many of the masks were unique and many were in admirable taste. There was no lack of fun throughout the evening—fun of a rollicking, noisy sort, and a better natured assembly was never seen in Janesville. The usual number of ridiculous blunders were made by those who fancied themselves shrewd enough to penetrate the masks and recognize the wearers, and some of the blunders made were exceedingly amusing. The occasion was in all respects an enjoyable one to those who attended.

## LARGE REWARD IS OFFERED

Posters offering \$500 reward for the apprehension of the three men who shot and killed the policeman at Fond du Lac have been received in the city. One is described as tall, spare and stoop-shouldered and wearing a dark mustache; the second is smooth shaved and spare-faced, and the other short and thick set and wore a dark mustache.

They Are Tired of Manila.

Port Townsend, Wash., Nov. 29.—Capt. Frederick Key, company B, First North Dakota volunteers, who has arrived here from Manila on leave of absence, reports that among both volunteers and regulars feeling is strongly against the retention of the Philippines. He says the officers are desirous of returning home, and a large number have tendered their resignations, which will not be accepted. Many have asked for leave of absence. The insurgents are very insolent and even refuse to obey the orders of the American authorities.

SPAULDING INSANE  
RELATIVES STATEHE SUFFERED SUNSTROKE AND  
NEVER RECOVERED.

Villa Ridge Letters State That Stephen C. Spaulding, Who Shot Himself on His Daughter's Grave Here, Was Insane—Mind Unbalanced For Some Time.

Stephen C. Spaulding, who committed suicide in this city by shooting himself upon the grave of his daughter in Oak Hill cemetery, did so while insane.

Hon. Cyrus Miner, of this city, is in receipt of an interesting letter from C. C. Spaulding, the son who came here to bury his father. The letter was written Sunday from Villa Ridge, Ill., the home of deceased. It now appears, according to the son, that Stephen Spaulding, when he left his Villa Ridge home to come to Janesville, was suffering from insanity brought on by a sunstroke which he suffered at his home last summer. From the results of this sunstroke he never recovered, and for the time being it was feared that he would not live. Since that time relatives claim that he lost his reason.

When Mr. Spaulding came to Janesville he had \$75 in cash, and of this amount he spent \$28. It now appears that the balance of this money the son found on his return to Villa Ridge, where his father had sent it in a letter.

While in Janesville the suicide had his picture taken, and ordered several mailed to his friends. He carried a heavy life insurance.

## ITS WEIGHT IN GOLD.

A NEW DISCOVERY WHICH IS WORTH THAT MUCH.

To Anyone Afflicted With Pain.

□The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at all druggists and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkley, of 601 Mississippi St., Indianapolis, Ind., says: "I had been a terrible sufferer from piles for 15 years and no remedies benefited me until I saw an advertisement of the Pyramid Pile Cure. I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles."

That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough and the Pyramid Pills also. My husband will join me in highly recommending the Pyramid; my daughter was cured by one box only. For several years I weighed but about 90 pounds, now I weigh 150 and feel in perfect health."

This seems to be the universal testimony of every sufferer from piles who have ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggist at 50c and \$1 per package and the Pyramid Pills at 25c per box.

Send to Pyramid Co., Marshall, Mich., for free book on cause and cure of piles.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectually with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. People's Drug Co., Corner Main and Milwaukee St.

## BIG STEAMER IS MISSING.

The Portland, with Ninety Persons on Board, Is Long Overdue—Many Small Schooners and Fishing Vessels Thrown on the Shore.

Boston, Mass., Nov. 29.—Up to the present time it is known that the storm claimed thirty-three victims. These men are known to have perished and 119 other lives are feared to have been lost. The entire number were seafaring men and went to their watery graves while in the performance of their duty.

Eighty-two vessels are known to have been caught in the storm. Of this number there were eleven from which human lives were sacrificed. There were thirty total wrecks and fifty-two partial wrecks. Seafaring men say that the death list is not complete yet. Each seaport which opened up telegraphic communication with the outside world yesterday had tales of wreck, ruin, disaster and death to report.

The captain, steward and three men of the pilot boat Columbia were drowned off Scituate.

## CITY OF PORTLAND MISSING.

Ninety Persons May Have Gone Down with the Coast Steamer.

Portland, Me., Nov. 29.—The large passenger steamer City of Portland of the Portland Steamship line, which left Boston at 7 on last Saturday night on its regular trip to this city, is missing. She should have reached here Sunday morning at 5 o'clock. The company officials are exerting every effort to get some word of hope, but old seagoing men are not slow in saying that the chances of the steamer ever reaching port after encountering the great blizzard are very small indeed. Because of the threatening weather Saturday's passenger list was small. Only about fifty persons started out. The Portland carried a crew of forty, which makes about ninety souls on board. It is impossible to get the names of these passengers, as the list was always carried by the steward.

## In Vineyard Haven.

Vineyard Haven, Mass., Nov. 29.—Sunday was the most eventful day that Vineyard Haven has known for many years. From early morning until late at night the water was strewn with wreckage, and vessels were constantly driven ashore, many of them to be dashed to pieces. A large fleet of coasting schooners from St. John and other ports in the provinces and Maine were battered to fragments. Of the two-score of vessels that came to anchor before the storm hardly one escaped damage.

Her skill and reputation will be envied if she use only the delicious

Three to two, Favorite Base Burners have three hot air flues. Other stoves have but two. Never noticed the flues? Most people haven't.

Flues carry the heat from the fire pot around the stove. In a three-flue stove (the Favorite) two flues carry the heat down the outer edges of back and around the extreme outer edges of base to the front of the stove. Here they unite and return across the center of base and up the center of back.

Three flues on the back of stove, three flues on the base of stove.

Every inch of the stove a positive heating surface.

A two-flue stove has but one flue down and one flue up.

The three-flue arrangement spreads the heat to the extreme outer surfaces of the back and of the base.

The more heating surface you have the less coal you waste.

## TROOPS ARE STILL NEEDED.

Few Volunteers Can Be Released at Present.

## CONGRESS MUST FIRST ACT.

The Men Now Under Arms Are Required to Garrison Our New Possessions—When Army Is Enlarged and Recruited Discharges Will Follow.

Washington, Nov. 29.—The muster-out of regiments in the volunteer army will be resumed soon after the conclusion of the treaty of peace at Paris. The administration is unwilling for more than one reason to order the discharge of the whole volunteer army at present, the chief reason being, of course, the need of a large force to garrison points in Cuba, Porto Rico and the Philippines. It is probable, however, that within a very short time after the signing of the treaty the president will grant a few of the many requests for the muster-out of volunteer organizations, trusting that congress will soon make provision, by the increase of the regular army, for the maintenance of strong garrisons in our new territories.

In selecting the regiments for muster out, it is the intention to designate those organizations which were first sent to the front, and which have been constantly employed either in fighting or in garrison duty since mid-summer. Other conditions will be taken into account, but, as a rule, regiments which have merely remained in camp in the United States waiting for orders will not be mustered out of the service immediately. Many of the volunteers now in the United States have already been designated for duty in Cuba, and the orders affecting these organizations will not be changed. As soon as additional regiments for the regular army shall have been authorized by law and recruited, the volunteer regiments now needed at various foreign stations will be discharged.

It is not expected that the announcement of the settlement by which the Philippines are to belong to the United States will relieve the situation in regard to the native troops in the islands, and the necessity for a strong United States garrison will, the administration believes, be as imperative during the next few months or more as it is now. There is a belief in administration circles that the retention of the greater part of the volunteer army for a few weeks longer will aid very materially in securing legislation by congress favorable to the increase of the regular army to at least 100,000 men.

Will Not Touch Wage Scale.  
Chicago, Nov. 29.—Coal operators of Illinois will take little or no part in the wage controversy at the interstate convention of mine operators at Pittsburgh next month. This decision was made yesterday at a meeting of the operators. The companies represented voted that the wage scale adopted last spring was good enough for them and accordingly they did not care to enter into a discussion which might end in the undoing of all that had been accomplished in the way of good during the last year.

What's the secret of happy, vigorous health? Simply keeping the bowels, stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' electric Oil. At any drug store.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

Mark Hanna for the Canal.  
Cleveland, O., Nov. 29.—Speaking of the more important measures to be discussed during the coming session of congress, Senator Hanna said that the Nicaragua canal matter would certainly be taken up.

Asked if he favored increasing the standing army, Mr. Hanna said: "I do. I think the army should be increased to 100,000. I believe this matter will be discussed at the short term."

Constitution prevents the body from ridding itself of waste matter. DeWitt's Little Early Risers will remove the trouble and cure sick headache, Biliousness, inactive liver and clear the complexion. Small, sugar coated, don't grip or cause nausea.

More of Gillett's Paper.  
Abilene, Kan., Nov. 29.—The filing of three new mortgages Monday, signed by W. T. Reams, a brother-in-law of Gillett, who had been his foreman, added \$34,000 to the paper out. The total amount of paper on record in this county by Gillett and his relatives and associates whose names he used is \$2,150,000. Part of this is not due and part is blanketed paper, so that the total is half a million less than that.

## FATAL EXPLOSION OF POWDER.

Thirty-Eight Persons Killed and Injured at Havana.

Havana, Nov. 29.—A box of powder exploded Monday morning near Reina battery, killing or injuring thirty-eight persons. Many boxes of powder were stored in a private house, which also contained five rooms full of Mauser and other cartridges. The careless handling of one of the boxes of cartridges caused the explosion.

Most of those employed in emptying the cartridges—evidently their only duty on the premises—were boys and girls under seventeen years of age, and they formed the greatest proportion of the victims.

Nobody was killed outside by the explosion, but three of the injured have died, and the condition of most of the others is more or less critical. At least fifteen are not expected to live.

Dreadfully Nervous.

GENTS.—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

## WHY USE

POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

**Pond's Extract**  
Why not something else?  
Because

DR. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used."  
DR. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best."  
DR. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found."  
DR. H. K. WELLS says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar."  
DR. H. F. MERRILL says: "It is far superior to any I have used in strength and purity."  
DR. R. J. HARRISON says: "I have never found any extract equal to Pond's."  
DR. POWELL says: "Hereafter I shall use no other than Pond's Extract."  
And numerous others of similar purport.

And that's why.
